Guide To Setting Up Payclix For KCWSC Billing From <u>HTTPS://WWW.KCWSC.COM</u>

Suggestions: You do not have to set up a Payclix password as shown in this guide, however you will not be able to access your billing information without your current KCWSC water bill. This is because Payclix will need your account and current water bill amount to find your billing information. KCWSC recommends that you setup a password for Payclix which will allow you to access your billing information even if you have not received your water bill (we all know the USPS does deliver late or lose items from time to time). Payclix will send you an E-Mail notification when your latest bill has been posted. KCWSC processes the bills between the 20th and the 25th, which means you will receive an E-Mail notification on the day the billing is mailed by USPS and you can pay immediately (if you so choose)!

1. Click on the "BILL PAYMENT" button from the Home Page

2. From the Bill Payment page select any one of the "Pay Your Bill Now" links shown

Selecting one of these links will leave the KCWSC website and open up the Payclix portal specifically for King Creek Water Supply

 FIRST TIME ACCESS: Enter in your KCWSC <u>Account number</u>, Utility Bill <u>Amount</u> (as shown on your bill), <u>Email Address</u> (this email will become your future User ID for Payclix). You may also select the option for paperless bill, but it is not necessary.

Billing Details

One of the many benefits of registering with Payclix is the convenience of receiving an E-Mail notification when your bill is available for review and payment. This can be 10 to 15 days before you receive the paper bill in the mail!! No more worries or headaches of lost bills by the USPS and potential late charges.

EXAMPLE: E-Mail notification sent by Payclix when a new bill has been posted to your account.

Dear KENNETH & JULIA EUBANKS;
